BITING POLICY

Biting is often a misread and misunderstood action. Biting is a behavior that is often linked to a child's developmental age. Biting has been described as a form of sensory exploration and communication. The act of biting is most often experienced in the Toddlers and Two's stages of development.

Keeping the child's age in mind, Saint Martin's Lutheran Preschool has developed two biting policies. The policies are as follows:

BITING POLICY FOR AGES THREE AND UNDER

- When a bite occurs, the teacher will fill out an Accident/Incident Report.
- Both sets of parents (the child bitten and the child who was the biter) will be informed of the situation.
- No names will be exchanged between families.
- If the biter chooses to bite again, the same procedure will be followed and the Director or Assistant Director will be made aware of the situation.
- Being aware that biting is developmentally appropriate at this age; documentation will be made on the biter and shared with the Director whenever an incident occurs. Directors and Teachers will work together to redirect and eventually stop the biting.
- Parents may request a conference at anytime during the process of redirecting/stopping the biting.
- With the cooperation of the parent's of the biter, the parent's of the child bitten, the class as a whole and the Staff/Administration of St. Martin's this behavior can and will be modified and redirected to the benefit of the whole class.

BITING POLICY AGES THREE AND UP

- When a bite occurs, the teacher will fill out an Accident/Incident Report.
- Both sets of parents (the child bitten and the child who was the biter) will be notified.
- No names will be exchanged between families.
- If the biter chooses to bite again, a Parent/Teacher/Director conference will be called to discuss redirection of the behavior.
- If a third bite occurs, the biter will be removed from the class and sent home from School for the remainder of the school day. A conference will be scheduled which could lead to the child's removal from the Saint Martin's Lutheran Preschool program.
- Failure to comply with a request for a conference, at any point, could result in the biter being asked to leave the program.

My signature verifies I have read and received a copy (in parent handbook) of this biting policy.

2. Reminding a child of behavior expectations daily by using clear, positive statements;
3. Redirecting behavior using positive statements; and
4. Using brief supervised separation or time out from the group, when appropriate for the child's age and development, which is limited to no more than one minute per year of the child's age.

There must be no harsh, cruel, or unusual treatment of any child. The following types of discipline and guidance are prohibited:

1. Corporal punishment or threats of corporal punishment;
